Parks and Greenbelt committee meeting

March 2, 2018

Attended by: Chris Guillen, James Curdy, Sharon Stearns, Jane Lampman

Pool: The cantilever sunshades were reviewed and concern about the possibility of wind damage was expressed. Also discussed the cost and frequency of replacing the canvas cover. Chris will look into other options such as Sail shades. The purchase of another table and its placement near the pool area was mentioned due to the use the current table got this past season and the number of folks who ate standing on the sidewalk.

Fitness Center: Equipment to be purchased includes a treadmill, 2 spin bikes and yoga mats. Also adding air fresheners was discussed. The possibility of allowing guests into the fitness center in non-peak use time was discussed.

Park: Possible dates for holding a "Movie in the Park" night or possible 2 was mentioned. Coordination with other events will be done prior to choosing a date.

Greenbelts: a meandering 8-foot wide walking within the greenbelt along Desert Aire Drive from the gas station to the Park was brought up. It was decided that a survey of residents would be done to determine possible usage/interest in this project.

Of note:

PUD area: PUD is considering the addition of 3 picnic shelters along the pathway south of the marina
